The two Maryville football teams won and lost yesterday in the opening games of their respective segsons. The State Teachers College team lost to the team of Tarkio College at Tarkio by a score of 27 to 0, while the Maryville High School team was downing the Bethany High School team at Bethany by a score of 7 to 0.

Both games were hard fought. Reports from the high school game indicate that little progress was made by either team in the course of the game, the winning touchdown coming just at the end. Maryville rooters who attended the college game at Tarkio say that the final score fails to show the comparative value of the teams, as the Tarkio team scored but once before the last quarter. Tarkio had twenty men in uniform on the field, while Maryville could muster but twelve, carrying only one substitute.

Teams Were Evenly Matched.

The high school game at Bethany was between evenly matched teams. All through the game the play zigzagged back and forth across the field, neither side making any appreciable gains. Just as the last few minutes of the game were being played, the Maryville team managed to work the ball down to within twenty yards of the opposing goal posts, and then, after a smash through the line, Paul Miller raced twenty yards for a touchdown. French kicked the goal.

DeArmond of Maryville was laid out in the first quarter and was unable to re-enter the game. The same thing happened to Foreman of Maryville in the second quarter.

The high school players will return to Maryville tonight on the Wabash from the east, and preparations are being made by the high school rooters to give them a welcome. Sixteen players and Coach Ziegler made the trip to Bethany.

The next game on the high school's schedule wil be played in Maryville next Friday, the King City High School team coming here.

Good Crowd at Tarkio.

A good crowd, including many from Maryville, attended the college game at Tarkio yesterday. Tarkio's scoring was all done in the first and fourth quarters. One touchdown was made in the first quarter and three in the fourth. Goals were kicked from three of these. During most of the game the Maryville team successfully fought off the attacks of their opponents. Tarkio could make no gains through the Maryville line and relied almost altogether on forward passes, with the end playing out.

On the other hand, Richards, the Maryville fullback, managed often to plow through the Tarkio line for gains of ten or twelve yards, but he was unable to keep it up.

The service of Maryville's one substitute were required in the fourth quarter, Wray, Maryville's left end, being put out. Masters went in as left [illegible]more, and Elmore took Wray's place.

Maryville Had New Player.

Five of the Maryville players were new men who never had played in a football game before, but they showed the necessary fight that will make them a factor in coming games. The State Teachers College's next game will be with Palmer College at Albany next week. The players, accompanied by Coach Robert Rice, went to Tarkio on the train yesterday morning and returned on the train last night.

The Maryville line-up yesterday was as follows: King, center; J. Wells, right guard; Lawton, right tackle; Nelson, right end; Elmore, left guard; C. Wells, left tackle; Wray, left end; Houchens, quarterback; Stewart, left halfback; Puckett, right halfback; Richards, fullback; Masters, substitute.

Those who drove from Maryville to attend the game at Tarkio yesterday were: Dr. Jesse Miller, Jr., Ralph Palmer, Clyde Sawyers, Carl Dempsey, John Price, Ernest McDonald, Lee Meek, Leo Knox, Foster Wallace, Peter Keegan, Dean Partridge, Dennis Collins, Dr. K. R. Malotte, Sherman Montgomery, Ernest Wray, Virgil Lyle and Ralph Yehle.

CIRCUIT COURT MAY CLEAR UP DOCKET BY END OF THE WEEK

Only Two Criminal Cases Left to be Argued; Lawyers Take Advantage of Vacation to Visit K. C.

Circuit court, which is on a vacation this week-end, will hitch up its trousers bright and early Monday morning and wade into the last of the September docket. Only a few cases are left to clear up, and it will be surprising if the work is not completed before the end of next week. The petit jury has been instructed to return for duty Monday morning.

On the criminal docket, according to Charles F. McCaffrey, prosecuting attorney, only two cases remain to be argued. These are the cases of the state against Earnest A. Riley on a charge of gaming, and against Clint Hewitt on a charge of grand larceny, in connection with the disappearance of some hogs. This last case came over from the January term as the result of a hung jury.

Continuances and pleas of guilty are expected to dispose of the remaining criminal cases. Most of the preceding ones have been disposed of in that manner. The only case that went to the jury was that of the state vs. Walker Dredge of Elmo, on a charge of petit larceny, which resulted in a hung jury.

Cases that have been set to come up on the trial docket Monday are those of Bertina H. Boyles vs. James T. Simpson, for ejectment, and of E. A. Taylor and others vs. Samuel B. Harmar, on contract.

Judge Dawson and several of the lawyers of the Maryville bar took advantage of the adjournment of court to go to Kansas City to attend the meeting of the state bar association, which is in session there yesterday and today.

Mrs. H. S. Ridgeway and little son, Phil Weiler, of San Antonio, Texas, who have been visiting at the home of Mrs. Ridgeway's uncle and wife, Mr. and Mrs. Charles McNeal, left this morning for their home.

Mrs. A. P. Holt of Crowley, La., who has been the guest for a few weeks of Mrs. Norman Chamberlin, left this morning for her home.

Misses Allie Jean Fraser and Anna Bainum went to St. Joseph this morning to spend the day.

FIXED THE INTAKE IN NICK OF TIME

102 RIVER WENT DOWN JUST ENOUGH FOR REPAIRS

PLENTY OF WATER NOW

Even If It Isn't Nice to Look at; Rains Up North Put Stream On the Rise Again

Providence, assisted by Mayor W. O. Garrett and his helpers at the city water plant, certainly saved Maryville from a prolonged drouth by prompt action yesterday afternoon. The One Hundred and Two river, which had been bankfull day before yesterday, subsided yesterday just far enough and long enough to enable the mayor and his assistants to fix the one big intake pipe on which the city has to depend for its water.

And then last night it rained up north, and today the river is up again, about half bankfull at noon, and certainly enough to prevent any further work on the pipe. The lightning from the storm last night could be plainly seen in Maryville. Indications are that the river will be bankfull again, as it has been rising steadily all day. The course of the river just below the dam and above the state road bridge has been washed out to resemble a small lake. There is a real danger that further caving of the west bank may endanger the state road and the west end of the bridge.

The intake pipe, which had no support since the bank washed away, is now supported on piles driven in the river yesterday by the mayor and his assistants. It is firmly anchored by means of wires. At the end that dips into the river there is now the proper sort of intake, with a strainer on the end. When the old end dropped off in the preceding flood the intake became so clogged with dirt and rubbish that it could not be used, even if it reached the water, which it did not yesterday afternoon.

Pumping, which was discontinued yesterday afternoon while the pipe was being repaired, was resumed about six o'clock last night, and since then there has been plenty of pressure and water in Maryville, even though the water is not so clean as some persons like. If the new flood does not interfere with the pipe, it is likely that there will be no further trouble from the water supply for a time, at least.

Work on the construction of the new reservoir and the relining of the old one at the city water plant is continuing well under the direction of the Randall Construction Company. This noon a force of men was at work leveling out the interior of the small reservoir near the power plant, preparatory to relining it and to putting in a filter plant.

HARMONY FARM CHAUTAUQUA WILL COME TO END TONIGHT

Henry Wallace, Afternoon Speaker, Delayed; Good Crowds Reported at All of the Programs

Henry Wallace, editor of Wallace's Farmer, who was scheduled to be on the early afternoon program at the Harmony farm chautauqua today, was delayed, and his talk will be given later in the afternoon. The first part of the afternoon program was given by the children of the four schools near Harmony, who presented a pageant showing their work in vitalized agriculture. The schools have been dismissed this week for the chautauqua programs, so that the children might attend.

Good crowds are being reported at every session of the chautauqua, and complete satisfaction is evident.

A lecture, "The Family Medicine Chest," by Mrs. Felbert, also was scheduled for this afternoon, as was an exhibition of poultry culling by Mr. Townsley. One of the big events of the afternoon was to be a baby contest under the supervision of the women experts who have been lecturing throughout the program.

The four-day program will close tonight with a musical program and a moving picture, "Freckles."

IT IS LESS SAFE EVERY DAY TO FOOL WITH LICENSE TAGS

Arrests Are Being Made; Secretary of State Turns $1,682,480.50 Into the Good Roads Fund

Recently in Kansas City Judge Ralph Latshaw sent Quince Caldwell to jail for a year for painting over an old automobile license plate. In Pettis county a prominent farmer is under arrest for running a car without a tag, two of his neighbors complaining that the man never paid a license, while they had to pay or be punished.

In many parts of the state tax dodgers are "splitting" the tags, using one on one car, the other on another.

Up to October 1, 233,060 owners had bought license plates, and Secretary of State John L. Sullivan had turned into the treasury to the use of the good roads fund the sum of $1,682,480.50. If there were no "dodging"—if everybody paid—this sum would be materially increased.

STUDENTS IN TRAINING CORPS AT STATE UNIVERSITY STRIKE

Is a Protest Against Compulsory 6-Hour Weekly Drill Schedule; U. S. Government May Act

What action the United States military authorities will take regarding the strike of five hundred sophomore members of the Missouri University branch of the reserve officers training corps is a question of much speculation among the undergraduate body today.

The strike began Thursday, following a meeting of the embryo officers on the university campus, and is in protest against the compulsory six-hour weekly drill schedule recently put into effect. A number of petitions protesting against the new schedule was sent to the faculty, it was claimed, without bringing any action on the students' demands.

Huge placards and handbills announcing the strike are posted about the university. Pickets with wooden paddles guarded the gates to the drill grounds ,preventing any student appearing for drill. William Busby, president of the 1922 class, declared that the strikers had decided to make the walkout permanent despite any action taken by the university or government officials.

PRESIDENT HAS NIGHT'S REST; CONDITION MORE FAVORABLE

Admiral Grayson Issues Official Statement; Express Is Flagged to Carry Medicine Needed

Washington, Oct. 4.—The president had a good night's rest and his condition is more favorable, Admiral Grayson announced in an official statement on the president's condition today.

Boston, Oct. 4.—A package of medicine for President Wilson caused the flagging of a federal express just as it pulled out of the South station on its way to Washington. The package was marked urgent and was sent by special delivery.

Washington, Oct. 4.—Grayson was greatly encouraged today with President Wilson's condition. The president's case allowed the issuance of another bulletin attributing the change for the better entirely to the good, light, natural sleep and expressing the belief that, if this continued, there would soon be a marked change for the better.

WAS A NEGRO INSURRECTION, NOT MERELY BIG RACE RIOT

Eighteen Reported Dead in Trouble in Arkansas; Troops and Blacks Are Said to be Clashing

Helena, Ark., Oct. 4.—It was a negro insurrection, not an ordinary riot, which was prematurely started when the authorities made an arrest of a bootlegger Tuesday night, precipitating guerilla warfare in the canebrake section of Phillips county, which has so far resulted in the death of four whites and fourteen negroes, according to advices from that district this morning. While the situation appears well in hand today, reports reached here during the night of battles between the troops and small crowds of well armed negroes in various parts of the county in which several negroes were reported killed.

GOVERNOR OF OKLAHOMA NOW JUSTIFIES ATTACK ON REED

Says Even Republicans Would Have Favored the Affair if Speaker Belonged to the I. W. W.

Oklahoma City, Oct. 4.—"If it were an I. W. W. going over the country against the government of the United States, the Republicans would favor giving him the same treatment as that accorded Senator James A. Reed, when he was egged and hooted from the stage at Ardmore last night," says a statement issued here Thursday afternoon by Governor J. B. A. Robertson.

"Reed got just what was coming to him," the statement says. "While this is a country of free speech, this privilege does not give any person the right to villify the president and drag his name into the mire.

"Neither Senator Reed nor any other man can come into Oklahoma and with impunity insult the president of the United States. I am surprised that any misguided Democrats of the state have been willing to give time enough to attend such meetings as are being held by Reed and his kind."

No requests for arrests had been made by Ardmore citizens, the governor said, and no action against the mob that forced Reed to cancel his speech there is contemplated by state officials. Regret for the occurrence was expressed at Ardmore, but the governor seemed pleased rather than sorry over the ultimate result.

CHILDREN ARE TO HAVE PART IN CAMPAIGN FOR RED CROSS

Time for Junior Membership Drive Set for October 8-15; Governor Sends Encouraging Letter

School children in each county, town and city in Missouri are to have an active part in the campaign for Red Cross Junior membership, October 8 to 15, according to present plans.

All children of school age are being asked to join through school auxiliaries. It is hoped that each child may be enrolled by October 15 so that they may aid, if they wish, in the nation-wide Red Cross Roll Call for adults, November 2 to 11. Children will not be solicited during the latter drive.

Governor Frederick D. Gardner of Missouri has set the official seal of his approval of the Red Cross Junior campaign in Missouri in a letter to Red Cross headquarters. The letter addressed to "the boys and girls of Missouri" follows:

"The Junior Red Cross was both active and effective in serving the nation during the war. You have a right to feel gratified that you had a part in winning a great victory for the Allied cause.

"There is still much work to be done in caring for the sufferers of the war. The splendid object of the Junior Red Cross is to promote health and happy childhood the world over. With this end in view, the Junior Red Cross will conduct a campaign from October 8 to 15, the latter date to be the 100 per cent day for enrollment. I want to urge every boy and girl in Missouri to take part in this great service."

Mrs. T. J. Emmert of Tarkio is the guest for a few days of her daughter, Mrs. H. L. Raines, and family.

MRS. MORGAN HAS GAINED 22 POUNDS

Was Told That Operation Was Only Hope — Tanlac Restored Health

"Anyone who had noticed the dreadful condition I was in can readily see the wonderful change Tanlac has made in me," said Mrs. E. M. Morgan, residing at 1817 Norton Street, Kansas City, Missouri, in telling of the remarkable benefits she has derived from the medicine, recently.

"I have actually gained twenty-two pounds in weight on five bottles of Tanlac," she continued, "and have improved so much that my neighbors often speak of it. My health had been all broken up for more than a year and I was so nervous that the least noise would upset me. My appetite left me and what little I did eat would sour on my stomach, causing gas and intense pain. I would bloat terribly and during these times my heart would palpitate frightfully, almost cutting off my breath, and I was so weak and dizzy that I could not walk a block without stopping to rest. I was badly constipated, had raging headaches, and was losing weight and strength all the time. I would roll and toss most all night, unable to sleep, and would get up in the mornings even more tired than on going to bed. I was constantly under treatment and all the time taking some kind of medicine, but nothing helped me and I finally got right down in bed.

"At the time I got Tanlac I had been confined to my bed for a month. I had been told that an operation would be necessary and was almost in despair, as I always had a horror of the operating table and the knife. Up to this time I had not thought seriously about Tanlac being good for me, although I had often read the wonderful results others claimed to get from it. But, being so anxious to avoid an operation, I decided first to try Tanlac and sent for two bottles. Well, before I had finished my second bottle my appetite was better, the gas stopped forming on my stomach and I did not suffer from shortness of breath and palpitation any more. Now, to put it all in a few words, my nerves are normal and I have no more headaches, dizzy spells or trouble of any kind. Tanlac has not only relieved me of my physical suffering, but it has saved me from an operation. I can truthfully say Tanlac has made me feel like a new person and I can't praise it enough."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Coster Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, in Hopkins by Hopkins Drugs Co., and in Parnell by F. L. Hart." ADV.
